

SOURCES TABLE

Complete first four columns for each item found. Only complete other columns (shaded grey) if the item is used in a publication.

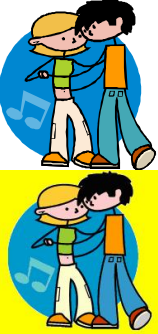

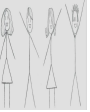

If more than one item is from the same source, you only need to give details of the source once and then cross reference.

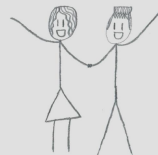

Item (file name & extension)	where found	P or S*	Permission required?	Details of permission if used	Description of item	Produced by	Details of editing	where used
	Microsoft Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This picture is of a woman dancing. It looks like she is probably doing some modern dance, and she has one leg bent and raised and her arms are to the side. The picture is mainly white but the girl's hair, clothes and skin have outlines of colour. I used this picture because the it is on the Danceometer which is a form to decide what type of dancing the person will be doing. I used this along with the others to show different types of dance.	Microsoft	I right clicked on the picture (in Microsoft Excel) and clicked on 'Format picture', then 'Colours and lines' and changed the fill colour to red. I did this so it corresponded with the colour scheme on my Danceomet	(edited version) In my Danceometer entry form. (non edited version) On my e-portfolio

							er.	
	Microsoft Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This picture is of a woman dancing. It looks like she is doing a type of Latin dance, because of her long dress, boots and material which she is holding above her head. She has one hand above her head and one across her body. The picture is mostly white with only outlines of colour on the edges of the woman and her clothes. I used this picture because it was showing another type of dance.	Microsof t	I right clicked on the picture (in Microsoft Excel) and clicked on 'Format picture', then 'Colours and lines' and changed the fill colour to orange. I did this so it correspon ded with the colour scheme on my Danceomet er.	In my Danceomet er entry form.
	Microsof Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains	This picture is of a female ballet dancer. She is wearing a blue tutu and leotard and is holding her hands gracefully out above her and beside her. The picture has a white background and	Microsof t	I right clicked on the picture (in Microsoft Excel) and clicked	(edited version) In my Danceomet er (non edited version) On my

				clipart.	part of the girl is white except from the edges of her clothes and skin where there are lines of colour. I used this picture to represent another type of dance on my Danceometer.		on 'Format picture', then 'Colours and lines' and changed the fill colour to yellow. I did this so it corresponded with the colour scheme on my Danceometer.	Eportfolio
	Microsoft clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This is a picture of a man and woman dancing. The picture is white, but the clothes the couple are wearing are highlighted in blue. The man has his hand around the woman's waist and their other hands are together stretched out from their bodies. They are holding their heads up high and it appears that they are doing a ballroom dance. I used this picture to show another type of dance on my Danceometer.	Microsoft	I right clicked on the picture (in Microsoft Excel) and clicked on 'Format picture', then 'Colours and lines' and changed the fill colour to green. I	(edited version) In my Danceometer (non edited version) On my e-portfolio

							did this so it corresponded with the colour scheme on my Danceometer.	
	Microsoft Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This picture is of woman running on a path with the sun behind her. The picture is all white except from colour outlines on the woman, path and sun. The woman has her hands near her body and her legs stretched out as she runs. I used this picture next to the fitness section on my Danceometer to show one activity that people could do to keep fit.	Microsoft	I right clicked on the picture (in Microsoft Excel) and clicked on 'Format picture', then 'Colours and lines' and changed the fill colour to blue. I did this so it corresponded with the colour scheme on my Danceometer.	I decided not to use this image as I changed the colour scheme and no longer needed a blue picture. Also, I moved things around and there was no room for it.

	Microsoft Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This picture is of a girl and boy holding hands and dancing. The people are 'stick people' as their arms and necks are just lines. The girl has blonde hair, a green top, cream trousers and orange shoes. The boy has black hair, an orange top, blue jeans and red shoes. The background is white, with a blue circle and a blue music note. I used this picture because it showed dancing, and the whole project is about a dance event, and it also showed a music note and the file which it is in is the Music database.	Microsof t	I opened this picture in paint, and using the fill with colour tool, I changed the background of the picture from white to yellow. I did this so it was colour coordinated with the colour of the writing on my database.	On my music database form
	I drew this picture myself	Primary/ primary edited	No	I drew this picture myself so permission is not required	This is an image of 4 stick people, 2 girls and 2 boys, standing in a line with their arms in the air. I drew this picture on plain white paper with a pencil.	Me	I opened this image in paint and coloured in the background black so it fitted in with the background of my invitation, which	On my invitation

							is also black. I also coloured in the girls skirts on paint so they corresponded with the colours of the text on my invitation.	
	I drew this picture myself.	Primary	No	I drew this picture myself so permission is not required	This is an image of a man dancing, holding his arms out in the air and beside him. There are large music notes around his head to show he is dancing to music. I drew this picture on plain white paper with a pencil.	Me	N/A	I decided not to use this image because it was not the right shape for the space I had for the image on my Danceometer.
	I drew this picture myself	Primary	No	I drew this picture myself so permission is not required	This is a picture of a girl and a boy dancing together, holding one of each others hands and holding the other arm out in the air. I drew this picture on plain white paper with a pencil.	Me	N/A	I decided not to use this image because I don't think it looks very good as I did

								not go over the outline of one of the faces hard enough and you cannot see it properly. Also, it was not the right shape for the space I had for the image on my Danceometer
	Clipart	Secondary	No	Permission is not required as the school has a Microsoft license which contains clipart.	This is a moving animation of a woman in an orange dress and man in a green jacket and trousers. They are dancing some kind of ballroom dance.	Microsoft	N/A	On every slide on my make a catch on-screen publication.
	Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	The picture is of a woman in a black top and trousers dancing. She has one hand in the air and one near her side. The background is a purple square that nearly covers the whole of the background behind the woman.	Microsoft	I went on format picture and changed the background colour to green which gives the picture a	On both of the play lists.

							green background. I did this so the picture fits in with my colour scheme.	
	clipart	Secondary	No	Permission is not required as the school has a Microsoft license which contains clipart.	The picture is of a skeleton with a white background and a black outline. It is dancing, with its arms held up and one leg bent.	Microsoft	N/A	I decided not to use this image. I used this image on the play lists, but however after receiving comments from a reviewer that said it was not suitable for the target audience, I decided to change it.

	Clipart	Secondary edited	No	Permission is not required as the school has a Microsoft license which contains clipart.	This image is of a pot of gold. The image appears like it has been drawn (even though I know it hasn't, that is just the effect that the picture is trying to achieve) as it has a thin outline which is rounded and changes thickness. The pot is white with a black outline, and the gold is also white with a gold outline. The background of the picture is white.	Microsoft	Using the picture toolbar, I changed the colour of the image to 'black and white'. I then went on format picture and filled in the background colour to black.	On my sponsorship form.
