The dance marathon event is an evening where students will go to the hall and take part in raising money for charity by getting sponsors for dancing for one hour. If you sponsor you are helping raise money for charity.

The British Red Cross provide life saving clothing and shelter to at least 7,000 affected families in Haiti, Jamaica and Cuba. Your sponsor money will help British Red Cross get one step closer to this target.

To help The British Red Cross, once you have collected all the sponsor money hand the money and the sponsor form in one envelope into the office, with the charity you are sponsoring and the amount of money you have raised.
